

## Heavy-Duty C13 to C14 PDU-Style Power Extension Cable - 15A, 100–250V, 14 AWG, 6 ft., Blue Plugs

MODEL NUMBER: P005-006-BL

Computer power extension cord connects devices with C13/C14 power connectors or extends your existing power connection by 6 ft.

### Features

#### C14-to-C13 Power Cable for Network Devices That Require a Heavy-Gauge Connection

This IEC-320-C14 to IEC-320-C13 cable features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. This C14 male to C13 female cord can be used to connect a computer, server, monitor or drive to a UPS system or PDU or replace or upgrade the standard power cord provided by the device's manufacturer. The six-foot length allows you flexibility in placing equipment with respect to the power outlet.

#### Color-Coded Connectors Avoid Misidentification That Can Cause Costly Downtime

This computer power extension cord features fully molded blue ends. The color-coding allows easy, fast identification in a crowded rack or workstation and helps prevent the cable from becoming inadvertently disconnected.
